When a vacancy occurred in the democratic city council of this city the Enquirer was always ready with a nomination. Now that a vacancy has occurred in the republican city council it can't find a republican in town capable of filling the position, and it hates to nominate a democrat. What's the matter with it?

Does the Enquirer believe that A. D. Gash is a member of the supreme court bar of the territory yet?

Hood's Pills do not purge, pain or gripe, but act promptly, easily and efficiently, 25 cents.

THE DISPATCH scooped the Enquirer last evening beautifully—on the Enquirer vs. Shoebridge case.

It is astonishing the great number of people hereabouts who are telling of the many times they have been asked by the Enquirer or its representatives to pay a bill the second time.

AT 9:25 o'clock last evening there passed away from earth another of Provo's noble young men. At that hour George T. Holden of the Fifth ward breathed his last after long suffering with Bright's disease of the kidneys. Had George lived until the 9th of May next he would have seen his twenty-second birthday. He has been ailing for upwards of three years, but during the last four months his suffering has been intense during all of which he has been most hopeful though he must have known that the end was near. During the greater part of this latter length of time he has been unable to lie down, and it has been necessary for some one to sit up with him all of each night. His last moments were his easiest, he passed away quietly sinking peacefully to rest. Funeral from the residence tomorrow (Sunday) at 4 o'clock. Friends are invited.

FAMILIES will do better by calling on Boshard & Saxe for their groceries than elsewhere.

The Different London.

The size of London is somewhat indefinite, but may be said to cover about a square mile. The postal district covers an area of 250 square miles. The police district extends still farther, covering an area of 687 square miles. On the other hand, the parliamentary London is much narrower. It consists of 10 boroughs, of which the city of London, although the smallest—having 50,563 inhabitants in 1881—is represented by four members on account of its commercial and financial importance, while each of the other nine, although larger, is represented only by two; Westminster, 256,413; Chelsea, 258,011; Marylebone, 477,555; Hackney, 362,427; Finsbury, 483,316; Tower Hamlets, 391,558; Lambeth, 379,113; Southwark, 297,333; Greenwich, 167,632.

Put together, these 10 boroughs represent only a population of about 3,000,000, and the remainder of the inhabitants of the city belong to non-metropolitan electoral districts. Generally, however, the size of the city is determined by the area under the operation of the metropolis local government act, which is also adopted by the registrar general of the census. According to the definition, London covers an area of 123 square miles, forming parts of the counties of Middlesex, Surrey and Kent.—Baltimore American.

Saved Our Boy

A Clergyman's Statement Constitutional Scurfula Entirely Cured.

Mr. Richard Fete

"C. I. Hood & Co., Lowell, Mass.: 'Gentlemen: I wish to tell what Hood's Sarsaparilla has done for us. I will say that 3 years ago we had a beautiful boy born to us. When about six months old he took a sore mouth. Everything that was known as usual remedies in such cases was used. I had two doctors but all to no benefit. At the age of 11 months he breathed his last. Thus we laid

Our Darling Child in the grave. On Aug. 4, 1891, another boy was born unto us. At the age of two months he became afflicted with the same disease. I believed the boy's trouble was constitutional, and not common sore mouth. I procured a bottle of Hood's Sarsaparilla and commenced to give it regularly to both mother and baby, and occasionally washed his mouth with a syrup of buck brush root. Improvement began at once. We have succeeded in eradicating the scurfulous blood from the system and to-day we are blessed with a nice, fat baby boy, eighteen months old. He is the very

Picture of Health, all life and full of mischief—thanks to Hood's Sarsaparilla. I am a minister in the Methodist Protestant church. I am here to back what I say and I am in no way interested in any profit in the matter, except it affords me much pleasure to recommend Hood's Sarsaparilla to all as

Hood's Sarsaparilla Cures a safe, sure remedy. Even my wife, after taking Hood's became healthy and fleshy and has the bloom of girlhood again. We have used only three bottles, but I keep it in the house."
